MRI Interpretation of Spinal Cord, Spinal Disc and Spinal Canal Disorders,

MRI interpretation of herniated, protruded, extruded, bulged and sequestered discs & spinal stenosis as sequelae of ligamentous hypertrophy, congenital malformation, spinal cord pathology. Clinical necessity and contraindications, Robert Peyster MD, DABR, CAQ-NR, Neuroradiologist, CMCS Post Doctoral Division, New York Chiropractic Council, New York State Department of Education, New York, 2009

AMA Guides to the Evaluation of Permanent Impairment 6<sup>th</sup> Edition, Clinically coordinating spinal pathology with neurological and functional sequelae including station & gait, migraines, sexual dysfunction, sleep & arousal disorders, paroxysmal disorders, radiculopathic disorders and central nervous system disorders, CMCS Post Doctoral Division, New York Chiropractic Council, New York State Department of Education, New York, 2009

MRI Interpretation of Herniated Disc and Spinal Cord and Root Encroachment, MRI interpretation of herniated, protruded, extruded, bulged and sequestered discs and their relationship to the spinal cord and spinal nerve roots and the clinical correlation to spinal adjustments, manual spinal therapy and joint mobilization, Magdy Shady MD, Neurosurgeon, Neuro-Trauma Surgery, CMCS Post Doctoral Division, New York Chiropractic Council, New York State Department of Education, New York, 2009

New York Chiropractic Council, "Cervical trauma in Athletes" White Plains, NY 2009

New York Chiropractic Council, "Evidence- Based Care, Neuroscience & Chiropractic" White Plains, NY 2009

Interpreting Spinal Trauma MRI's, Level 1, Certificate in Diagnostic Imaging. New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2008

Interpreting Spinal Trauma MRI's, Level 2, Certificate in Diagnostic Imaging. New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2008

Neurodiagnostic Testing Protocols, Physiology and Indications for the Trauma Patient, Electromyography (EMG), Nerve Conduction Velocity (NCV), Somato Sensory Evoked Potential (SSEP), Visual Evoked Potential (VEP), Brain Stem Auditory Evoked Potential (BAER) and Visual-Electronystagmosgraphy (V-ENG) interpretation, protocols and clinical indications for the trauma patient. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department, Board for Chiropractic, Long Island, NY, 2010

CPT Coding, Compliance and Documentation, evaluation and management coding, chiropractic and rehab coding, diagnosis pointing, establishing and documentation of medical necessity, creating compliant soap notes, understanding insurance explanation of benefits, Medicare, common coding and billing "red flags". New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2011

Head Trauma, Brain Injury and Concussion, Brain and head physiology, brain mapping and pathology as a sequella to trauma. Traumatic brain injury, mild traumatic brain injury, axonal shearing, diffuse axonal injury and concussion are detailed in etiology and clinically. Clinical presentation, advanced diagnostic imaging and electrodiagnostics are detailed in analysis to create a differential diagnosis. Balance disorders that often occur as a result of trauma are also explored from clinical presentation to advanced imaging and differential diagnosis. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Department of Education, Board for Chiropractic, Long Island, NY, 2011

Impairment Rating Certification, The understanding and utilization of the protocols and parameters of the AMA Guide to the Evaluation of Permanent Impairment 6th Edition. Spine, neurological sequelae, migraine, sexual dysfunction, sleep and arousal disorders, station and gait disorders and consciousness are detailed for impairment rating. Herniated discs, radiculopathy, fracture, dislocations and functional loss are also detailed in relation to impairment ratings. CMCS Post Doctoral Education Division, New York Chiropractic Council, New York State Education Department, Long Island, NY, 2011

Documentation and Reporting for the Trauma Victim, Understanding the necessity for accurate documentation and diagnosis utilizing the ICD-9 and the CPT to accurately describe the injury through diagnosis. Understanding and utilizing state regulations on reimbursement issues pertaining to healthcare. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department, Board for Chiropractic, Long Island, NY, 2011

Documenting Clinically Correlated Bodily Injury to Causality, Understanding the necessity for accurate documentation, diagnosis and clinical correlation to the injury when reporting injuries in the medical-legal community. Documenting the kinesio pathology, myopathology, neuropathology, and pathophysiology in both a functional and structural paradigm. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department, Board for Chiropractic, Long Island, NY, 2011

NYS Workers' Compensation Variance Process, Beginning December 1, 2010  
Guidelines exist for Neck, Back, Shoulder & Knee injuries; they are considered the 'standard of care' for work related injuries. A variance request must be submitted for any care that deviates from the guidelines. Proper documentation for the New York State licensed doctor of chiropractic during a Workers Compensation patient encounter. New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2011

Neurodiagnostics, Imaging Protocols and Pathology of the Trauma Patient, an in-depth understanding of the protocols in triaging and reporting the clinical findings of the trauma patient. Maintaining ethical relationships with the medical-legal community. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Department of Education Board for Chiropractic, Long Island, NY, 2011

Diagnostics, Risk Factors, Clinical Presentation and Triaging the Trauma Patient, An extensive understanding of the injured with clinically coordinating the history, physical findings and when to integrate neurodiagnostics. An understanding on how to utilize emergency room records in creating an accurate diagnosis and the significance of "risk factors" in spinal injury. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department Board for Chiropractic, Long Island, NY, 2011

Crash Dynamics and Its Relationship to Causality, an extensive understanding of the physics involved in the transference of energy from the bullet car to the target car. This includes G's of force, newtons, gravity, energy, skid marks, crumple zones, spring factors, event data recorder and the graphing of the movement of the vehicle before, during and after the crash. Determining the clinical correlation of forces and bodily injury. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department Board for Chiropractic, Long Island, NY, 2011

MRI, Bone Scan and X-Ray Protocols, Physiology and Indications for the Trauma Patient, MRI interpretation, physiology, history and clinical indications, bone scan interpretation, physiology and clinical indications, x-ray clinical indications for the trauma patient. CMCS Post Doctoral Division, New York Chiropractic Council, New York State Education Department Board for Chiropractic, Long Island, NY, 2011

Current concepts in Concussion Management, Adopted from the Consensus Statement on Concussion in Sport: The 3rd International Conference on Concussion in Sport Held in Zurich, November 2008. New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2012

Electrodiagnosis Certificate Program, Module 5: Motor and Sensory Nerve Conduction Studies of the Lower Extremity Practicum Laboratory, New York Chiropractic College Department of Post Graduate and Continuing Education, Levittown, New York, 2014

Electrodiagnosis Certificate Program, Module 4: Polyneuropathy, Neuropathy and Radiculopathy of the Lower Extremity, New York Chiropractic College Department of Post Graduate and Continuing Education, Levittown, New York, 2014

Electrodiagnosis Certificate Program, Module 3: Motor and Sensory Nerve Conduction Studies of the Upper Extremity Practicum Laboratory, New York Chiropractic

College Department of Post Graduate and Continuing Education, Levittown, New York, 2013

Electrodiagnosis Certificate Program, Module 2: Neuropathy and Radiculopathy of the upper Extremity, New York Chiropractic College Department of Post Graduate and Continuing Education, Levittown, New York, 2013

Electrodiagnosis Certificate Program, Module 1: Introduction to Principles and Practice of Electrodiagnosis, New York Chiropractic College Department of Post Graduate and Continuing Education, Levittown, New York, 2013

Certification in Current Perception Threshold Examination, Comprehensive Clinician's Training Course in the Procedure and Diagnostic Interpretation of the Current Perception Threshold Examination. Neurotron Incorporated, Towson, Maryland, May 18, 2012. Certification # 051812-03.

Comprehensive MRI Imaging of the Spine: Everything a Chiropractor Needs to Know . New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2012

Current concepts in Concussion Management, Adopted from the Consensus Statement on Concussion in Sport: The 3rd International Conference on Concussion in Sport Held in Zurich, November 2008. New York Chiropractic College, Department of Post Graduate and Continuing Education, Levittown, New York, 2012

New York Chiropractic Council, "The 5 Documentation Mistakes you're probably making...and What to Do about Them." White Plains, NY, 2016

New York Chiropractic Council, "Today's Doctor of Chiropractic: Expert Clinician, Armed with the Evidence." White Plains, NY, 2016

New York Chiropractic Council, "The Psychology of Presenting to the Brain." White Plains, NY 2016

New York Chiropractic Council, "The Philosophy, Science & Future of Chiropractic." White Plains, NY 2016

New York Chiropractic Council, "The True Purpose of the Spine/Philosophy Drives all Science." White Plains, NY 2016

Spinal Biomechanical Engineering, Triage and Documentation, utilizing principles and algorithms of spinal biomechanical engineering to analyze chronic and trauma patients in creating diagnostic, prognostic and treatment protocols. Academy of Chiropractic Post-Doctoral Division, Recognized by the PACE Program of the Federation of Chiropractic Licensing Boards, Elmhurst, New York, 2014

MRI Spine Interpretation, Triage and Documentation, Interpreting MRI pathology as sequella to trauma to determine herniation, bulgeprotrusion and extrusion in order to create diagnostic, prognostic and treatment protocols. Academy of Chiropractic Post-

Doctoral Division, Recognized by the PACE Program of the Federation of Chiropractic Licensing Boards, Elmhurst, New York, 2014

Evidence Based Practice, Triage and Documentation, Understanding and applying scientific literature in trauma patients to create diagnostic, prognostic and treatment protocols. Academy of Chiropractic Post-Doctoral Division, Recognized by the PACE Program of the Federation of Chiropractic Licensing Boards Elmhurst, New York, 2014

### **Educator:**

President Mission Life International University Post Graduate Education for Chiropractors.

Lectures throughout N. Y. State. Providing postgraduate continuing education in Chiropractic ethics, record keeping, patient-related documentation and correspondence. Lectures about chiropractic throughout the world. Teaches Philosophy and Art of Chiropractic

Authored numerous articles that are published in the New York Chiropractic Council's New Directions.

Presenter, New York State Bar Association for Continuing Legal Education Credits, Course "Expert Use of Chiropractors in Low Impact Cases, Their Pros and Cons", 2004

Presenter, New York State Bar Association for Continuing Legal Education Credits, Course "Successful Strategies in Automobile Litigation, 2004

Presenter, New York State Bar Association for Continuing Legal Education Credits, Course "Whiplash Injuries and Chiropractic Utilization", 2004

Lecturer, Histopathologic Sequelae of Therapeutic Modalities and Neuropathologic indications for Electrodiagnostics,

Travelers Insurance Company, Melville NY, 2000, 2005

Risk Management Insurance Company, Melville NY 2005

Author of two books: 1. Mission Chiropractic 2. The 5-day missionary.

### **SELECTED HONORS & AWARDS**

International Chiropractic Association BJ Palmer Humanitarian Award 2019

Beacon Award" Chiropractor of the Year for the State of New York, New York

Chiropractic Council, October 2001

"Distinguished Service Award", New York Chiropractic Council, October 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009

"Peter G. Mirto Award," for Legislative and Political Service to the Chiropractic Profession and the People of the State of New York, New York Chiropractic Council, 2005

The Big Idea Award 2008

Willing Spirit Award 2009

Distinguished Service Award for Treating the First Responders at Ground Zero, New York Chiropractic Council, 2002

Frank Digiacommo Humanitarian of the Year Award New York Chiropractic Council 2011

### **SELECTED COMMUNITY SERVICE**

Leads Chiropractic Mission trips all over the world. 2001 to present.

Leads Christian Mission trips all over the world 2003 to present.

H.O.P.E.- Helping Other People Eat- to donate food to local food pantries, 1985-2003, 2009

Red Cross Volunteer, NYC Incident Response, Ground Zero 9-11 treating the first responders at Ground Zero, 2001
